

Peninsula Dog PAC Questionnaire

1. Do you have a dog? If so, where are your favorite places to walk your dog?

At the moment I do not have a dog. But I have had dogs most of my life. My last dog, Morgan, was a yellow lab. She is the smallest dog I have ever own. The first dog in my life was Rusty, a Chesapeake Retriever. She was a brood bitch for Guide Dogs for the Blind, that my mother was involved in. At one point we had 3 German Shepherds. Also, there has been a couple of Saint Bernard's, a Newfoundland and a Landseer .

Next I am thinking about a Corgi, littler dog but with a big dog attitude.

During the week I walk with a friend with 2 dogs, a Golden Retriever and a Jack Russel. We go all over the neighborhoods and on the levees in the Shores.

2. What schools, open spaces and trails in Redwood City do you think people should be allowed to walk dogs on-leash and/or off-leash?

All should be open for on-leash, with schools being limited to before or after school activity. Dogs could be distracting for the kids. Stulsaft has an off-leash area already. Perhaps other neighborhood parks could have designated hours for off leash. While we adore our fur-buddies we also need to be respectful that not everyone is a dog person, hard to believe. And some are actually very afraid of dogs. Sequoia High School does have an area that would work well for off leash, on the Broadway side.

3. Stulsaft Park allows dogs on-leash throughout the park and off-leash on a little under half the park. Do you believe:

- (a) The amount of off-leash is right**
- (b) There should be more off-leash**
- (c) There should be less off-leash**

Please explain your choice.

A. Having about half of the park dedicated to off leash seems a good balance.

4. Redwood City currently permits dogs on-leash in all parks other than ball fields.

- (a) Do you believe any Redwood City parks (other than Main Street Dog Agility Park, Shore Dogs Park and parts of Stulsaft Park) should allow dogs off-leash. Please elaborate?**

As stated above, perhaps there could be dedicated off leash hours.

- (b) Do you believe there are Redwood City parks (other than ball fields) that should no long permit dogs on-leash? Please elaborate?**

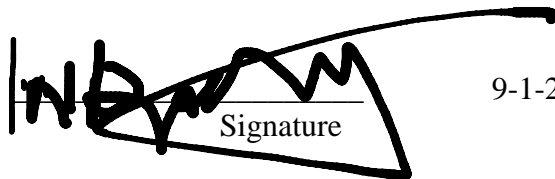

No.

5. Is there anything else you would like voters to know about your position on recreational dog walking access?

Having had a Lab, I would love to see an area where the dogs could get in the water and swim. Probably out at the Port. I used to take Morgan to the first lagoon in Redwood Shores to swim which was great except for when it was race season for crew.

My first foray into city government was in the mid '90's when I tried to get a dog park on the west side but the was not an organized group. That is how Ian Bain and I became friends.
